## Sponsorship Application Overview

As you may know, one of our primary objectives in establishing Team GUTS is to provide scholarships to those families who are in need of financial assistance. To that end, we have developed a simple, straightforward application for you to review and complete. All information relating to financial hardship requests will be kept confidential.

We understand and appreciate that each family's or individual's situation is different and, consequently, the amount of financial help will vary. Importantly, our scholarship committee requests that you provide total family income; i.e., the total household income includes, but is not limited to, public assistance benefits, unemployment benefits, SSI, workman's compensation and child support.

Once you have completed the application and we have had time to review the application and documentation, we will respond to you with the level of financial help that we are able to provide. We will provide a response in a timely manner so you are able to participate in our programs.

At the beginning of each year (January 1), we will require that you re-submit an application to receive continued assistance.

If you have any questions or concerns, please do not hesitate to contact us at 248-415-5535 or please email us at [info@grounduptraining.com](mailto:info@grounduptraining.com).

Thank you,

Team GUTS
